Basic Information

- Place of Origin: China
- Brand Name: Freedom Future
- Model Number: ET7119972HB
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: standard packing, as customer demands
- Delivery Time: 7 - 15 working Days
- Payment Terms: L/C,T/T,etc.

Product Specification

- Pressure Rating: Up To 300 Psi
- Color: Silver
- Temperature Range: -40°C To 140°C
- Weight: Lightweight
- Oem Part Number: ET7119972HB
- Flexibility: Flexible
- Material: Aluminum
- Resistance: Corrosion Resistant
- Installation: Easy
- Durability: High
- Highlight: ET7119972HB Automotive Air Conditioning Aluminum Tubing , 2014 Ford Fiesta ET7119972HB, MK7 1.5T ET7119972HB

Product Description

Discharge AC Pipeline ET7119972HB Fits For 2014 Ford Fiesta MK7 1.5T

Product Description:

Our A/C Pipes are highly flexible, making them perfect for refrigerant lines. They can easily bend and maneuver around tight spaces, making installation a breeze. The silver and black color adds a sleek touch to your A/C system, seamlessly blending in with your other components.

With a temperature range of -40 to 140 degrees Fahrenheit, these pipes are perfect for maintaining a consistent temperature in your A/C system. Whether you're looking to cool down your home or office, our A/C Pipes can handle it all. They are designed to withstand extreme temperatures and maintain their flexibility, ensuring optimal performance.

Our A/C Pipes are a must-have for any HVAC professional or DIY enthusiast. They are made from high-quality materials and designed to last, saving you time and money in the long run. The flexibility and durability of these pipes make them perfect for refrigerant lines, ensuring your A/C system runs smoothly and efficiently.

Features:

Product Name: A/C Pipes

Temperature Range: -40-140 Degrees Fahrenheit

Color: Silver/Black

Connection Type: Withhold

Material: Aluminum

Application: Air Conditioning Systems

Keywords: Refrigerant Lines, Ventilation Duct Hosing, AC AIR CONDITIONING PIPE HOSE

Technical Parameters:

Shape	Bar
Temperature Range	-40-140 Degrees Fahrenheit
Connection Type	Withhold
Durability	Durable
Pressure Rating	200 Psi
Corrosion Resistance	High
Compatibility	Compatible With Most A/C Systems
Color	Silver/Black
Weight	1.5 Lbs
Flexibility	Flexible

Applications:

The bar-shaped pipes are perfect for a wide range of applications, including air conditioning systems in buildings, vehicles, and other settings. They can be used in a variety of scenarios, including residential, commercial, and industrial settings. The pipes are easy to install using a soldering method, which ensures a secure connection that can withstand high pressure.

Freedom Future A/C Pipes are perfect for use in a range of air conditioning scenarios. They are ideal for use in large buildings with complex air conditioning systems, such as hotels, hospitals, and shopping centers. The pipes can also be used in residential settings, such as homes and apartments, where they can be used to connect air conditioning units to the main system.

The high level of durability of Freedom Future A/C Pipes makes them ideal for use in a range of scenarios. They are perfect for use in harsh environments, such as industrial settings, where they may be exposed to high levels of heat, moisture, and other damaging factors. The pipes are also ideal for use in vehicles, such as cars and trucks, where they may be exposed to extreme temperatures and conditions.

Overall, Freedom Future A/C Pipes are a reliable and durable choice for any air conditioning pipework needs. They are easy to install and offer a high level of corrosion resistance, making them ideal for use in a range of applications. Whether you need air conditioning pipes for a residential, commercial, or industrial setting, Freedom Future A/C Pipes are the perfect solution.

Customization:

Support and Services:

Our A/C Pipes product technical support team is available to assist you with any questions you may have regarding the installation, maintenance, and troubleshooting of our product.

We also offer a variety of services to help ensure the optimal performance of your A/C Pipes, including:

Installation support and guidance

Maintenance and repair services

Product testing and analysis

Customization and design services

Our team of experienced professionals is dedicated to providing you with the highest level of customer service and support. Contact us today to learn more about our technical support and services for A/C Pipes.
