

MAN TGX 81-61975-0255 Suction Lorrys Trucks Air Conditioning Pipeline

Our Product Introduction

for more products please visit us on futureacparts.com

Basic Information

- Place of Origin: China
- Brand Name: Freedom Future
- Model Number: 101377
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: standard packing, as customer demands
- Delivery Time: 7 - 15 working Days
- Payment Terms: L/C,T/T,etc.

Product Specification

- Pressure Rating: Up To 300 Psi
- Color: Silver/Black
- Temperature Range: -40°C To 140°C
- Weight: Lightweight
- Oem Part Number: 81-61975-0255
- Flexibility: Flexible
- Material: Aluminum/Iron
- Resistance: Corrosion Resistant
- Highlight: **MAN TGX truck AC pipe, suction lorry AC pipeline, truck air conditioning pipe**

Product Description

101377 Suction Pipeline MAN TGX Lorrlys Trucks

OEM
81-61975-0255

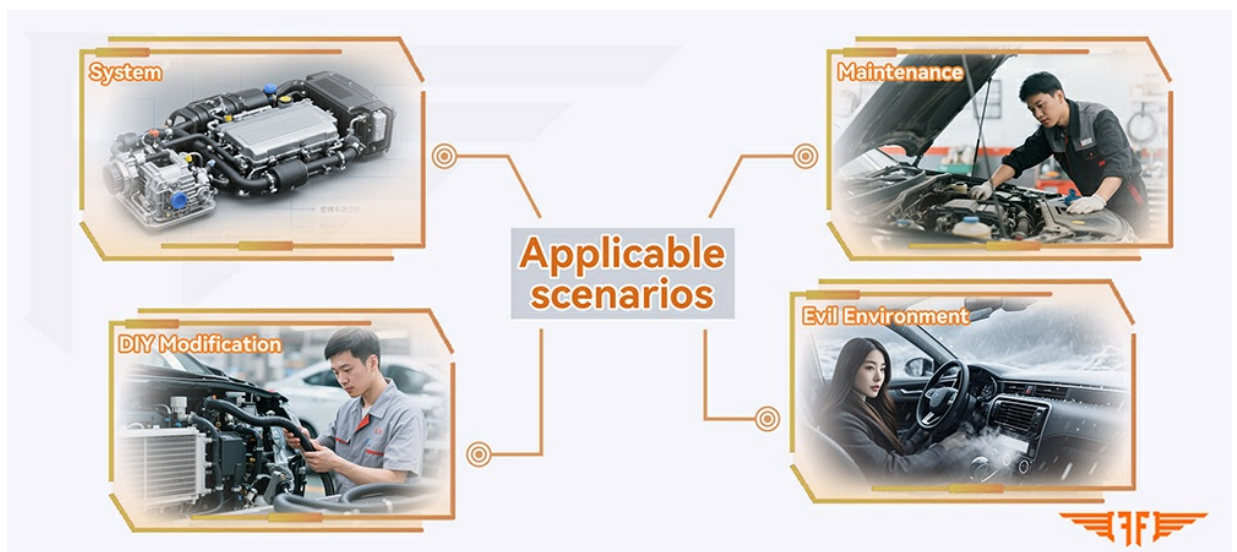

Fit For
MAN TGX Lorrlys
Trucks

Product Description:

Our air conditioning ducting is primarily constructed of aluminum, combined with highly flexible hoses, allowing it to bend and move easily in tight spaces. It seamlessly integrates with other components of the vehicle's air conditioning system, making installation a breeze. We use high-quality rubber or synthetic materials that are resistant to pressure, corrosion, and aging, and incorporate reinforced braiding to ensure excellent pressure, vibration, and weather resistance, making it easily resistant to complex road conditions and extreme temperatures. We understand that safety is paramount and strictly adhere to industry standards to provide you with a long-lasting, stable, safe, and worry-free air conditioning system.

About Us

Foshan Free Future Auto Parts Co., Ltd. is a professional automotive air conditioning parts supplier integrating development, production, and sales. Its parent company, Yingzhixue Auto Air Conditioning Parts Co., Ltd., operates a factory in Foshan, Guangdong. The company specializes in complete automotive air conditioning piping solutions (including high- and low-pressure pipes and

components), and also sells air conditioning accessories such as expansion valves and compressors. Since its establishment in 2004, the company has been deeply engaged in the research, development, production, and sales of related products for automotive manufacturers and the aftermarket, earning the trust of domestic and international customers. Its products meet international standards and are ISO 9001 and IATF 16949 certified, ensuring consistent quality management throughout the entire process. Its clients include world-renowned automakers and parts distributors, and its products are exported to markets throughout North America, Europe, and Asia.
