Product Description

BA6119F618CA Discharge AC Pipes for Ford Fiesta 1.5T (2008-2017)

Product Description

Our high-performance air conditioning discharge pipes are constructed from durable aluminum with flexible reinforced hoses, designed for easy installation in tight engine compartments. The system integrates seamlessly with your vehicle's existing AC components.

Engineered with premium rubber and synthetic materials, these pipes offer exceptional resistance to pressure, corrosion, and aging. The reinforced braiding ensures superior performance under vibration, extreme temperatures (-40°F to 140°F), and demanding road conditions while maintaining strict industry safety standards.
