

## Volkswagen Fit For 2006-2016 Crafter Discharge Air Conditioning Pipeline 2E0820721

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: Freedom Future
- Model Number: 100416
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: standard packing, as customer demands
- Delivery Time: 7 - 15 working Days
- Payment Terms: L/C,T/T,etc.

### Product Specification

- Pressure Rating: 300 Psi
- Temperature Range: -40°C To 140°C
- Material: Aluminum
- Construction Layers: Multi-layer Reinforced
- Hose Type: High Pressure&Low Pressure
- OEM Number: 2E0820721

## 2E0820721 Discharge Air Conditioning Pipeline for VW Crafter 2.5T

### Multi-layer Reinforced Structure

Our A/C hoses adopt a high-strength multi-layer structure to ensure durability and safety under demanding operating conditions.

Typical hose structure includes:

Inner rubber layer for refrigerant compatibility

Nylon barrier layer to prevent refrigerant permeation

Intermediate rubber layer for flexibility

High-strength fiber reinforcement layer for pressure resistance

Outer rubber protective layer for abrasion and environmental protection

This design ensures excellent mechanical performance and long service life.

### Superior Flexibility

The flexible rubber structure allows the hose to be easily installed in complex engine layouts.

Advantages:

1. Easy installation
2. Reduced vibration stress
3. Lower risk of fatigue cracking

### High Pressure Resistance

The reinforced fiber layer provides excellent pressure resistance, enabling the hose to safely handle high-pressure refrigerant flow within the air conditioning system.

## Wide Vehicle Coverage

We supply a wide range of automotive air conditioning hoses covering:

- European vehicles
- Japanese vehicles
- Korean vehicles
- American vehicles
- Chinese vehicles

Our catalog includes thousands of OEM reference numbers, making it easy for distributors and wholesalers to match vehicle applications.

# EXHIBITION PARTICIPATION (FACTORY)

## Custom Manufacturing Service

We also support OEM and customized production based on customer requirements.

Customization options include:

- OEM number development
- specific fittings and connectors
- vehicle-specific assembly designs

Our engineering team can assist in developing new products for aftermarket or OEM projects.
