

92454-1130R Air Conditioning Pipeline Low Pressure Fit For 2014 Renault Sandero Logan 1.6L

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Freedom Future
- Certification: ISO 9001:2015
- Model Number: 100757
- Minimum Order Quantity: 30 Pieces
- Price: Negotiable
- Packaging Details: Standard export packing, each hose wrapped in protective plastic bag, then packed in export-grade corrugated carton
- Delivery Time: 7-15 working days
- Payment Terms: L/C,T/T,etc.
- Supply Ability: 10000 Pieces per Month

Product Specification

- Hose Type: High Pressure Discharge
- Barrier Layer: Nylon
- Temperature Range: -40°C To 140°C
- Pressure Rating: 300 Psi
- Chemical Resistance: Refrigerants, Oils, Chemicals
- OEM: 924541130R
- Material: Aluminum & Rubber
- Construction: Multi-layer Reinforced
- Highlight: Renault AC pipe low pressure, 2014 Renault Sandero AC pipeline, Logan 1.6L air conditioning pipe

Product Description

92454-1130R Renault Suction Low Pressure A/C Hose OEM Replacement

Multi-layer Reinforced Structure

Our A/C hoses adopt a high-strength multi-layer structure to ensure durability and safety under demanding operating conditions.

Typical hose structure includes:

Inner rubber layer for refrigerant compatibility

Nylon barrier layer to prevent refrigerant permeation

Intermediate rubber layer for flexibility

High-strength fiber reinforcement layer for pressure resistance

Outer rubber protective layer for abrasion and environmental protection

This design ensures excellent mechanical performance and long service life.

TYPE C AIR CONDITIONER HOSE

APPLICABLE REFRIGERANT

R134a, HFO-1234yf

STANDARD COMPLIANCE
SAE J2064 QC/T664-2019

WORKING
TEMPERATURE RANGE
-40°C ~ +135°C

COVER
Outer Rubber Cover

REINFORCEMENT
High Tensile Braid

MIDDLE LAYER
Intermediate Rubber Layer

BARRIER
Gas Barrier Layer

FIRST LAYER
Inner Rubber Tube

SIZES AND PERFORMANCE PARAMETERS OF TYPE C AIR CONDITIONER HOSE

Excellent Temperature Resistance

Automotive air conditioning hoses are exposed to extreme temperature conditions inside the engine compartment.

Our hoses are designed to withstand a wide temperature range:

Operating Temperature Range: -40°C to +140°C

This ensures reliable performance even in harsh climates and demanding vehicle environments.

Automechanika Frankfurt Exhibition

Every year, we attend the Frankfurt auto parts exhibition to explore cutting-edge industry technologies, stay abreast of industry trends, and connect with innovative peers from around the world.

FAQ

Q1: What is the minimum order quantity (MOQ)?

Our standard MOQ is 30 units. For trial orders or sample evaluation, we offer flexible small-quantity options. Please contact our sales team for details.

Q2: Do you offer samples? How can I get one?

Yes, we provide samples for quality evaluation. Sample requests are typically processed within 2-3 working days. Freight costs may apply depending on your location.

Q3: Can you customize the product?

Absolutely. We offer OEM and ODM services including custom labeling, packaging, and specification adjustments. Please share your requirements and we will provide a tailored solution.

Q4: What is the delivery time for bulk orders?

Standard delivery time is 7-15 working days after order confirmation, depending on order quantity and production schedule. Express shipping options are available for urgent orders.

Q5: What quality certifications do your products have?

Our products are manufactured under strict quality control procedures including 100% leak testing, pressure resistance testing, and dimensional accuracy inspection. We comply with international automotive quality standards. Certifications available upon request.

Q6: How do you ensure the hose fits my vehicle?

Each product is designed and tested to match OEM specifications. We provide detailed cross-reference information and our technical team is available to verify compatibility before purchase.

Contact Us

Looking for a reliable supplier of automotive A/C hoses?

Contact us today to get:

- product catalog
- OEM cross reference list
- Quotation for your market

Our team will respond to your inquiry within 24 hours.
