

OEM 924907813R AC Hose Line for Renault Megane IV 1.5L 2010-2012 | Auto A/C Pipe Factory

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Freedom Future
- Certification: ISO 9001:2015
- Model Number: 924907813R
- Minimum Order Quantity: 30 Pieces
- Price: USD 8-25 / Piece
- Packaging Details: Freedom Future branded color box with shock-proof foam insert, export-grade corrugated carton
- Delivery Time: 3 working days for stock, 15-25 days for production
- Payment Terms: T/T,L/C,PayPal,Western Union
- Supply Ability: 50000 Pieces per Month

Product Specification

- Oem Part Number: 924907813R
- Hose Type: AC Discharge Hose
- Material: Aluminum
- Pressure Rating: Up To 300 Psi
- Temperature Range: -40°C To 140°C
- Refrigerant: R134a
- Color: Silver
- Flexibility: Flexible
- Resistance: Corrosion Resistant
- Installation: Easy
- Durability: High
- Highlight: 924907813R AC Suction Hose, Renault Clio Car Aircon Pipe, Renault Clio AC Hose OEM

Product Description

High-quality **Automotive Air Conditioning Pipe (OEM: 924907813R)** engineered specifically for **Renault Megane IV** models. This high-pressure A/C hose assembly provides seamless refrigerant transmission, preventing pressure drops and ensuring maximum climate control performance in all driving conditions. Precision-manufactured using premium corrosion-resistant aluminum fittings and reinforced multi-layer barrier rubber, it is the ideal OEM replacement for overseas auto parts distributors, wholesalers, and professional repair facilities.

Technical Specifications

Parameter / Feature	Detail / Specification
OEM Reference Number	924907813R
Product Name	Air Conditioning Hose Assembly / Auto A/C Pipe Line
Vehicle Application	Renault Megane IV (4th Generation)
Function Section	High-Pressure / Low-Pressure A/C Circuit Line
Material Composition	High-Grade Aluminum Alloy (CNC Machined) + EPDM/Barrier Rubber Hose
Refrigerant Compatibility	R134a & Eco-Friendly R1234yf System Compatible
Quality Certification	ISO 9001 / IATF 16949 Standards
Condition	100% Brand New, Precision Replacement Part

Key Features & Benefits

- Exact OEM Dimensions & Fitment:** Designed and manufactured strictly according to OE original factory drawing **924907813R**, ensuring straightforward, direct-fit replacement without modification.
- Leak-Free Sealing Technology:** Features precision CNC machined aluminum block joints and professional crimp technology to guarantee zero-refrigerant leakage under high operating pressures.
- Thermal & Environmental Resistance:** Multi-layer reinforced rubber hose resists heat degradation, oil penetration, micro-cracking, and engine bay vibration over extended service life.
- Rigorous Quality Control:** 100% factory pressure tested and helium leak-checked before packaging to meet strict international aftermarket standards.

COMPANY PROFILE

WE SPECIALISE IN THE A/C HOSES FOR 20 YEARS,

WE ARE GOOD AT MANUFACTURING VARIOUS A/C JOINTS AND A/C PIPES ACCORDING TO DRAWINGS AND PHYSICAL SAMPLES.

120+ WORKER 80+ MACHINE 7000M³ FACTORY

6. FAQ (Schema Ready for Google Search)

- **Q: What vehicle model is OEM part number 924907813R compatible with?**
 - **A:** Part number 924907813R is designed as a direct replacement air conditioning line for **Renault Megane IV** series vehicles.
- **Q: Does this 924907813R A/C pipe support both R134a and R1234yf refrigerants?**
 - **A:** Yes, the high-density internal barrier layer of the hose is fully resistant to both conventional R134a and new eco-friendly R1234yf refrigerants as well as synthetic PAG oils.
- **Q: Can you manufacture custom auto A/C pipeline assemblies based on samples or drawings?**
 - **A:** Yes, as a professional automotive air conditioning pipe manufacturer, we support OEM/ODM custom production according to customer samples, technical drawings, or OEM part numbers.
