

OEM 8200061057 AC Discharge Hose Line for Renault Laguna II Espace | A/C Pipe Factory

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Freedom Future
- Certification: ISO 9001:2015
- Model Number: 8200061057
- Minimum Order Quantity: 20 Pieces
- Price: USD 8-25 / Piece
- Packaging Details: Freedom Future branded color box with shock-proof foam insert, export-grade corrugated carton
- Delivery Time: 3 working days for stock, 15-25 days for production
- Payment Terms: T/T,L/C,PayPal,Western Union
- Supply Ability: 50000 Pieces per Month

Product Specification

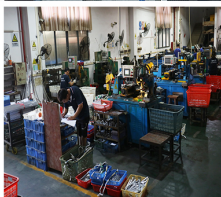

- Oem Part Number: 8200061057
- Hose Type: AC Discharge Hose
- Material: Aluminum
- Pressure Rating: Up To 300 Psi
- Temperature Range: -40°C To 140°C
- Refrigerant: R134a
- Color: Silver
- Flexibility: Flexible
- Resistance: Corrosion Resistant
- Installation: Easy
- Durability: High
- Highlight: 8200061057 AC Suction Hose, Renault Kangoo Car Aircon Pipe, Renault Kangoo AC Hose OEM

Product Description

High-performance **Automotive Air Conditioning Pipe Assembly (OEM: 8200061057)** specifically engineered for **Renault Laguna II** and **Espace IV** platforms. Designed to facilitate optimal refrigerant transfer between the compressor, condenser, and evaporator, this A/C hose assembly ensures maximum cooling pressure stability and leak-proof endurance. Precision-crafted with aircraft-grade aluminum alloy fittings and high-barrier synthetic rubber, making it an ideal OEM replacement for international auto parts importers, B2B distributors, and automotive repair specialists.

COMPANY PROFILE

WE SPECIALISE IN THE A/C HOSES FOR 20 YEARS,

WE ARE GOOD AT MANUFACTURING VARIOUS A/C JOINTS AND A/C PIPES ACCORDING TO DRAWINGS AND PHYSICAL SAMPLES.

Technical Specifications

Parameter / Feature	Detail / Specification
OEM Reference Number	8200061057
Product Name	Air Conditioning Hose Assembly / Auto A/C Line Pipe
Vehicle Compatibility	Renault Laguna II (BG0/1_, KG0/1_), Espace IV (JK0/1_)
Circuit Function	A/C Refrigerant Line Assembly
Material Composition	CNC Machined High-Grade Aluminum Alloy + Multi-Layer EPDM Barrier Hose
Refrigerant Compatibility	R134a & PAG Synthetic Lubricants
Quality Standard	ISO 9001 Certified Manufacturing
Condition	100% Brand New, Precision Direct Replacement

C 型空调软管

Type C Air Conditioner Hose

适合制冷剂 / Applicable refrigerant
R134a, HFO-1234yf

Key Features & Benefits

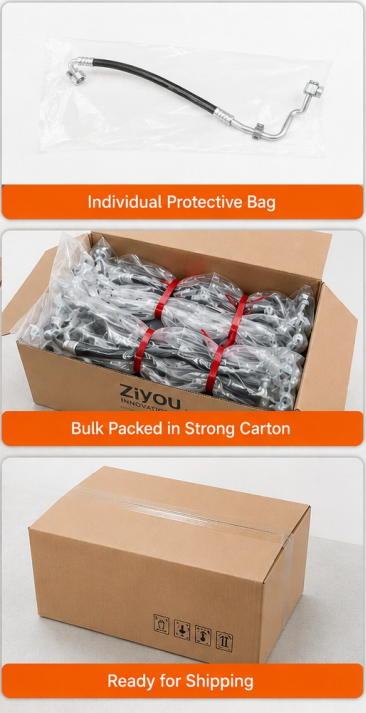

- Direct OE Replacement & Perfect Fit:** Engineered to match exact original factory specifications (**OE: 8200061057**) for straightforward, plug-and-play installation without modification.
- Heavy-Duty High-Pressure Seal:** Equipped with precision aluminum block connections and heavy-duty crimp collars to deliver zero refrigerant leakage under high operational pressures.
- Thermal & Vibration Resistance:** Features multi-layer barrier rubber formulation resistant to high engine bay temperatures, pressure fluctuations, oil degradation, and vibration.
- 100% Factory Leak Tested:** Every unit undergoes rigorous pneumatic and helium leak testing prior to shipping to guarantee zero-defect reliability.

SAFE PACKAGING

Each Air Conditioning Discharge Hose is individually wrapped and securely packed to ensure safe delivery.

- ✓ Prevent Scratches
- ✓ Prevent Damage
- ✓ Ensure Safe Delivery

FAQ

- Q: Which vehicle models are compatible with OEM part number 8200061057?**
 - A:** OEM part number 8200061057 is designed as a direct replacement air conditioning hose line for **Renault Laguna II and Espace IV** models.
- Q: Does this A/C hose assembly support standard R134a refrigerants?**
 - A:** Yes, the internal barrier layer is fully compatible with standard R134a refrigerants as well as PAG synthetic compressor oil

lubricants.

- **Q: Can I order custom or bulk auto A/C pipeline orders from your factory?**

- **A:** Yes, as a dedicated auto A/C pipeline factory, we support volume wholesale orders, private-label branding, and custom pipeline manufacturing according to OEM samples or drawings.
