6477.F8 PSA Van Aircon Pipe Number-Match Guide Expert Jumpy Scudo 2.0 HDi

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Freedom Future
- Certification: IATF 16949 / ISO 9001
- Model Number: 6477.F8
- Minimum Order Quantity: 50 PCS
- Price: Negotiable
- Packaging Details: Neutral carton with EPE protection, custom color box available
- Delivery Time: 7-15 working days
- Payment Terms: T/T,L/C,Western Union
- Supply Ability: 20000 pcs per month

Product Specification

- OEM Part Number: 6477.F8 / 6477F8
- Product Type: Car Aircon Hose / AC Line Assembly
- Tube Material: Aluminum, Seamless
- Hose Material: EPDM With Nylon Barrier Layer
- Cover Compound: Ozone And UV Stabilised EPDM
- Working Pressure: Up To 300 Psi
- Temperature Range: -40°C To 135°C
- Refrigerant Compatibility: R134a / R1234yf
- System Type: Front Single Evaporator Air Conditioning
- Burst Pressure: 18–25 MPa
- Net Weight: 250 G
- Highlight: **6477.F8 van AC discharge hose**, **Peugeot Expert 2.0 HDi AC pipe**, **Citroen Jumpy AC line**

Product Description

Start with the number, not the vehicle. PSA printed several different references on the same physical hose over its production life, and buyers often order the wrong one because the shop system shows a neighbouring number. This listing is the **6477.F8** reference; read what is stamped or printed on your old pipe against the variants below before you buy.

Read the Number Stamped on the Pipe

Look at the label on the hose body and at the metal tag near the crimp. 6477.F8 and 6477F8 are the same part written with and without the separator; 6477 36-style spacing also appears on older labels. In public parts data 6477.F8 is listed mostly under its own number and these variants, so we do not claim an unverified cross number.

Variants and Interchange

- **Primary:** 6477.F8
- **Common writing:** 6477F8, 6477.F8, 6477 F8
- **Confirmed interchange:** none beyond the above variants

Van Coverage

Model	Years	Engine
Peugeot Expert III	2007–2016	1.6 / 2.0 HDi
Citroen Jumpy III	2007–2016	1.6 / 2.0 HDi
Fiat Scudo III	2007–2016	1.6 / 2.0 HDi

Specification Snapshot

Item	Value
Tube	Aluminum, seamless
Hose	EPDM with nylon barrier
Working / burst	300 psi / 18–25 MPa
Net weight	250 g
Refrigerant	R134a / R1234yf

> Not sure which number you have? Photograph the old label and send it to us; we will match it against this reference before you order. Confirm Peugeot 207 applicability by VIN.

Half of the wrong-part orders we see start with a label read from a phone screen. Send a clear photo of both the hose label and the metal tag near the crimp, and we will read the 6477.F8 reference for you. Because PSA printed several references on the same physical hose over the years, having us confirm the number on your specific pipe is the cheapest insurance against buying the wrong line and paying return freight twice.
